

DISCLOSURE AND CONSENT-DENTAL AND ORAL SURGERY

TO THE PATIENT: You have the right, as a patient, to be informed about your condition and about the recommended surgical, medical, or diagnostic procedure to be used so that you may make the decision whether or not to undergo the procedure after knowing the risks and hazards involved. This disclosure is meant to make you better informed so you can give or withhold your consent to the procedure.

I voluntarily request Dr. Matt Miller and such technical assistants, and other health care providers as they deem necessary, to treat my condition which has been explained to me as:

Non-restorable, periodontally-involved, and/or impacted teeth _____

I understand that my doctor may discover other or different conditions which require additional or different procedure than those planned. I authorize my doctor to perform such other procedure which are advisable in their professional judgement.

I understand that no warranty or guarantee has been made to me as to result or cure. I have been given both oral and written post-operative instructions, and I agree to personally contact Dr. Miller in the event I have a problem. I will follow his instructions until that problem has been satisfactorily resolved. I realize that in the event I develop certain complications, I may miss school or work schedules, or I may incur additional, unexpected expenses, including, but not limited to, expenses for other dentists, doctors, or medical facilities.

I understand Dr. Miller is not employed by my dentist but is an independent contractor and will receive a portion of the fee paid to my dentist for these services. I have chosen Dr. Miller from the alternatives I have been offered to perform my dental surgery. I understand that Dr. Miller is a general dentist.

Just as there may be risks and hazards in continuing my present condition without treatment, there are also risks and hazards related to the performance of the surgical, medical, and/or diagnostic procedures planned for me. I realize that common to surgical, medical, and/or diagnostic procedures in the potential for infection, pain, swelling, bleeding, bruising, allergic reactions, cardiac arrest, brain injury, and even death. I also realize that the following risks and hazards may occur in connection with this particular procedure.

- _____ 1. Temporary or permanent nerve injury resulting in altered sensations or numbness of the lips, chin, tongue, teeth, and/or gums.
- _____ 2. Damage to adjacent teeth and/or dental restorations.
- _____ 3. Soreness at injection sites and/or along veins, as well as discoloration of the injection sites, face, and/or jaws.

- _____ 4. Opening of the sinus requiring additional treatment.
- _____ 5. Jaw fracture, muscle spasms, and/or limited opening of jaws for several days or weeks.
- _____ 6. Small root fragments remaining in the jaw due to an increased possibility of surgical complications.
- _____ 7. Jaw joint (TMJ) tenderness, soreness, pain, or locking, which may be temporary or permanent.

I understand that IV conscious sedation and other forms of supplemental sedation involve additional risks and hazards, but I request the use of IV conscious sedation and/or other forms of supplemental anesthesia to assist in the relief and protection from pain during the planned and additional procedures. I realize the IV conscious sedation and/or other forms of supplemental anesthesia may have to be changed possibly without explanation to me. I understand this is not general anesthesia or deep sedation, and that it is unlikely, but I may have unpleasant memories of the procedure.

I understand that certain complications may result from the use of any IV sedative or other form of anesthesia, including respiratory problems, drug reactions, paralysis, cardiac arrest, brain damage, or even death. Other risks and hazards which may result from the use of IV sedation or other sedatives, or anesthetics range from minor discomfort to injury of the vocal chords, teeth, and/or eyes.

I have been given an opportunity to ask questions about my condition, alternative forms of anesthesia and treatment, risks of non-treatment, the procedures to be used, and the risks and hazards involved, and I believe that I have sufficient information to give this consent.

I certify this form has been fully explained to me, that I have read it or have had it read to me, that the blank spaces have been filled in, and that I understand its contents.

I consent to photographs of my oral and facial structures and of my patient documents regarding this procedure for Dr. Miller's records.
